Experience transparent watercolor in new ways as you pour on the paint and watch what colorful surprises take place. You will learn Jean's "pouring luminous washes" technique to create the illusion of light falling on, through, and around objects while at the same time retaining the beauty of the white paper. Using her techniques, you'll learn how to take control of your watercolors and loosen up at the same time!

Jean is the author of Pouring Light, Layering Transparent Watercolors.
