Leave the tight, drab, laborious style behind and create fabulous, glowing results like never before. Marie will guide you on a journey exploring your inner artist, showing you a fearless method of using the vibrancy of color, and understanding the importance of color theory and value contrasts in your work. Be amazed at the fresh, clean and luminous results when using color triads, proper brush techniques and the direct painting method. Students are encouraged to work from their photos utilizing editing rules, value studies, and artistic license to create award winning compositions. Marie will focus on water scenes, and encourages everyone to include figures for scale and interest. Marie is known for her friendly teaching style, making classes both fun and informative. Discover the joy only this wonderful painting medium provides and dispel any fears of its difficulty. Come join us for a great painting experience.
