March 9 - 12, 2009

CAPE CORAL ART LEAGUE

516 Cultural Park Boulevard, Cape Coral 33990

Have you thought about painting a portrait, but aren't sure where to begin? Suzanna will teach us just how easy portrait painting can be. Join us, as we learn how to capture the personality and spirit through the subject's eyes. Suzanna breaks down skin tones into three different applications of lights, mids, and darks. This easy to learn formula can be applied to all skin tones.

Suzanna will demonstrate the "how to" of portrait painting, and provide the participants with photos and line drawings of the same subjects she is painting. Additional demos will be given daily to illustrate special features: various eye colors, noses, mouths opened and closed, ears, and hair. The first two days are guided portrait painting, using Suzanna's approach. On the third and fourth day, bring your photo references to paint. Individual attention will be given to each student.

All ability levels are welcome.
